

**Press Release, RE: AARP Job Fair/Meet & Greet
April 11, 2008 for immediate release**

On May 21st, there will be a golden opportunity for mature workers in the Maumelle/Morgan area as the AARP Foundation and the City of Maumelle join forces to present employment opportunities to the 55 and over segment of our community.

AARP WorkSearch is a program which provides opportunities for the mature worker of limited income to return to the workforce. This is done with help on job leads, specialized training, and work training monies provided by the Department of Labor under the Older Americans Act.

Come visit and “meet & greet” and learn about the help and opportunities which are available to you, the senior worker. These participating agencies are all very aware that sometimes there is just “too much month left over at the end of the money,” and they are here to offer their assistance.

We all look forward to seeing you on Wednesday, May 21st from 10AM-1PM at the Jess Odom Community Center, 1100 Edgewood Dr., Maumelle, AR. Let us help you open doors to new opportunities in learning and employment. Any question? Call Carolyn Drane, AARP WorkSearch, 661-1098 or Nicole Heaps at the Maumelle Senior Wellness Center, 851-4344.
